

ESTIMATING INTEGRATION

ProEst + ComputerEase

Run more profitable jobs with a unified estimating and accounting platform.

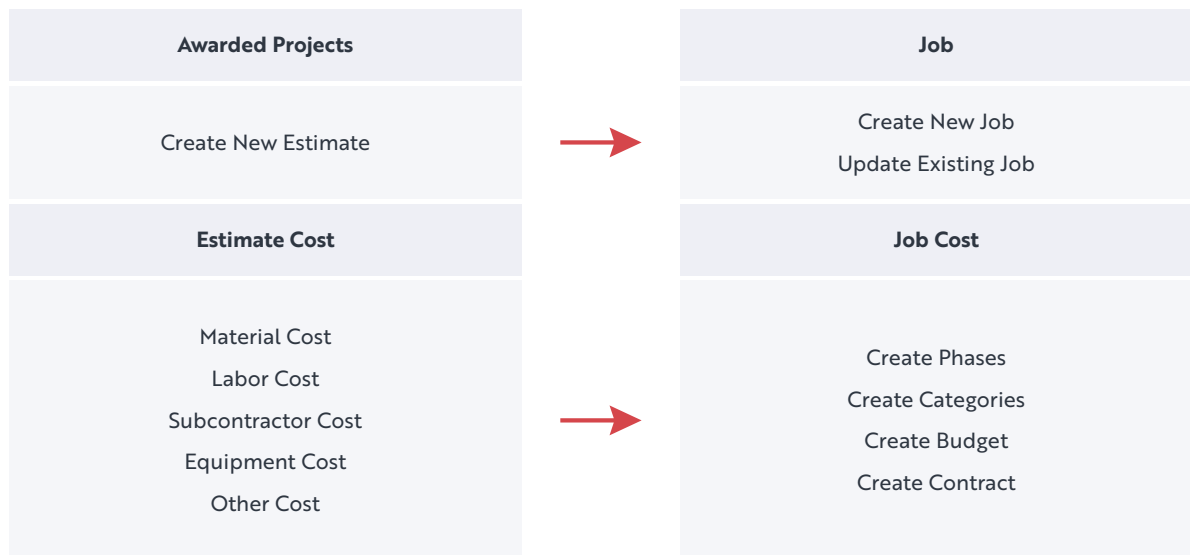

Saving time and money is what running a profitable construction job is all about, and with ProEst + ComputerEase integration, you can. Awarded project data is transferred with a single click, so there's no need to re-enter information for contracts, change orders, invoices and other project documents. The bottom line? Your numbers are accurate and up-to-date from start to finish.

Integration Map

Why ProEst + ComputerEase integration matters

Even small data errors can add up over the course of a construction project, putting your profit margins at risk. That's why it's essential that your estimating and accounting platforms work together on a single, unified platform. With ProEst + ComputerEase integration, budgets transfer automatically, so there's no need to re-enter project information for back-office accounting and other financial management tasks—and data accuracy is virtually guaranteed.

ESTIMATING INTEGRATION

ProEst + ComputerEase

Run more profitable jobs with a unified estimating and accounting platform.

When ProEst and ComputerEase work together, you can be sure that your construction projects stay on time and on budget. Because there's a central hub for project information, your teams can view, modify and share budgets, financial reports and other vital documents anytime and anywhere—in the office or in the field. That's the kind of day-in, day-out productivity every contractor needs to stay competitive.

One-Click Data Transfer

ProEst + ComputerEase integration lets you transfer project awarded estimate data automatically.

Greater Data Accuracy

ProEst + ComputerEase integration helps ensure that information is accurate, complete and up-to-date.

Real-Time Data Sharing

ProEst + ComputerEase integration provides a centralized information hub for every stakeholder.

Accelerated Workflows

ProEst + ComputerEase integration eliminates process bottlenecks to keep project timelines on track.

Improved Project Visibility

ProEst + ComputerEase integration gives you an accurate overview of costs, revenue and profitability.

Collaborative Decision Making

ProEst + ComputerEase integration helps multiple teams work together on key project decisions.

Get to know ProEst construction estimating

ProEst provides advanced construction estimating capabilities for leading companies and public sector clients in the United States, Canada and Australia. Our cloud-based platform combines cost estimating, digital takeoffs and bid day analysis in a single powerful solution—a proven way to reduce costs, ensure accuracy and streamline pre-construction workflow.
