Integration Map

### Why ProEst + QuickBooks integration matters

Speed and accuracy is what ProEst + QuickBooks integration is all about. Because budget data moves into QuickBooks automatically, there's no need for back-office staff to re-enter information for project accounting and other financial management tasks. That saves both time and effort, and you can be sure that your numbers are always complete, accurate and fully up-to-date.

## ESTIMATING INTEGRATION

# ProEst + QuickBooks

Connect construction estimating and accounting with one-click integration.

Running a construction job is hard enough without the added complexity of software solutions that don't work together. Thanks to ProEst + QuickBooks integration, there's a simpler way. When you use ProEst and QuickBooks together, your teams have shared, real-time access to the information they need to make better business decisions and keep projects on track.

### Automatic Data Transfer

ProEst + QuickBooks integration lets you transfer budget data directly into QuickBooks.

### Seamless Data Flow

ProEst + QuickBooks integration ties estimating and invoicing data together, no re-entry needed.

### Remote Online Access

ProEst + QuickBooks integration lets you work online from any device, anytime and anywhere.

### Profitability Analysis

ProEst + QuickBooks integration lets you compare budgets against actual project costs.

### Easy-to-Read Graphics

ProEst + QuickBooks integration clarifies accounting details with easy-to-read dashboards.

### Accelerated Workflows

ProEst + QuickBooks integration eliminates the need to re-enter data, streamlining processes.

### Get to know ProEst construction estimating

ProEst provides advanced construction estimating capabilities for leading companies and public sector clients in the United States, Canada and Australia. Our cloud-based platform combines cost estimating, digital takeoffs and bid day analysis in a single powerful solution—a proven way to reduce costs, ensure accuracy and streamline pre-construction workflow.
